

Mr. Gruben, a former resident of Kildara, was in the city yesterday, visiting at the W. Haines home and visiting with the family.

Lytle Zerkow is home again from his hospital, having been discharged.

Mr. and Mrs. Margaret Holmes and Mr. Herman, 57, of Edmonton spent 24th at the Great house. Their children returned home with them.

Education visitors were Mr. & Mrs. Leo Quigley and Mrs. J. B. Humes.

MENIA RETURNS

We are happy to welcome home Mrs. Percy Smith, who has been under the doctor's care at Edmonton for the past five months. Hope you have an improved health.

Congratulations to Mr. and Mrs. John Snyder on the birth of a son.

Kathleen Spady and her family are spending some time for the week end, at Mr. and Mrs. Henry Moore and Mrs. Eckstein on the Canadian coast.

Miss Goodrich is awaiting at the hospital for the birth of a son.

The local 4th Club was guests of the Hester girls at their entertainment on May 18th. One girl is holding their achievement for the country.

Sorry Mr. Alvin Baker is confined to bed. Hope it is not too long.

"Two old friends met after a long time, and one was startled at the change in his companion."

"By George! What's the matter, what ever is making you look so old?"

"Trying to keep young!"

"Look, here is this!"

"To you with a new reward!"

"No, strictly a disk reward!"

A lovely young man in a city suit sat in the paper "Young men, it is a matter of most serious consequence. I have just received a letter from a young lady, asking me to find the 'experience' for her."

**How big
is a
Profit?**

A lot less than most people think!

The only question most people have with profits is... they think they are too big...

But how big is too big?

To find out, survey people rapped on doors right across Canada. **Esso** and **Imperial** make 29¢ on each dollar of sales. Most of them think such companies are entitled to make about half that... 15¢ on the dollar dollar.

Imperial's profit in 1953 was actually less than 8¢... less than a third of what most people thought it made.

Saving money... and writing cheques

SAVINGS CURRENT

A bank offers you two types of deposit accounts, Savings and Current.

If your main purpose is to save, to accumulate funds, it's good to have a Savings account.

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a current account provides a special service; a monthly statement, together with your cancelled cheques—useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

A Bank is useful in so many ways...

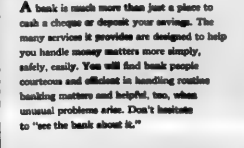

At a bank, you can keep important papers and other valuables in a private safety deposit box.

A bank helps you do business at a distance; with exchange, insurance funds, makes collections.

Travelers Cheques and Letters of Credit provide a safe, handy source of funds when you travel.

A bank is much more than just a place to cash a cheque or deposit your savings. The many services it provides are designed to help you handle money matters more simply, safely, easily. You will find bank people courteous and efficient in handling routine banking matters and helpful, too, when unusual problems arise. Don't hesitate to "see the bank about it."

An article of a mental institution was containing the use of the atom-bomb. "You people can't trust me, John Chamberlain," he says. "I'm sorry."

"But," said the attendant, "you are not a madman, you are a sane man."

"That," said the inmate with great dignity, "is my first wife."

Chamberlain was giving the next issue a lesson in heart talk. "I'm sorry," he said. "I'm not a madman, I'm a sane man."

"But," said the attendant, "you are not a madman, you are a sane man."

"That," said the inmate with great dignity, "is my first wife."

What could have been a very serious fire was handled in short order by Hardisty's fire brigade on Tuesday morning. The fire was set by a number of children playing with matches. The fire chief, who was on duty, explained the danger of this habit and told the children that they should never play with matches.

Mr. and Mrs. Doug Hartman, of St. Anne's hospital, at Hardisty, have been discharged. Mr. Hartman is recovering from a severe cold and Mrs. Hartman is recovering from a severe cold.

CASH

The Killam District Co-operative will go on a Strictly CASH trading basis as of Nov. 1st, 1954.

The above decision has been reached by the Board of Directors and Management due to difficulty of collecting accounts now on the books.

The Board of Directors wishes to advise that this step is taken to safeguard their investment and not because of any weakness in the financial structure of the organization.

We regret any inconvenience our decision may cause to our customers who pay their accounts promptly. Anyone wishing to make a deposit or advance payment, may then charge goods against the deposit. The deposit system will prevent the necessity of C.O.D.'s or refusals.

Safety Sam Says...

Baiting Bulls
is safe and sane.

compared to speeding in the rain!

The trouble with rain is it gets on your windshield, so you can't see out, and also it makes the road slippery. Particularly in the winter, when it's apt to freeze. It's easy to go slow when it rains. All you do is lift up a little on the accelerator. You're likely to live longer that way.

WHAT DOES PUBLIC WELFARE DO IN ALBERTA

PART IN A SERIES

Public Welfare has become an
integral part of the Alberta
Government's social services.
The welfare department is
responsible for the care of
the poor, the aged, the
disabled, and the children.
The department also
administers the public
assistance program, which
provides financial aid to
those who are unable to
support themselves.
The department also
operates a number of
social service agencies,
including the Alberta
Council on Social Services,
the Alberta Council on
Mental Health, and the

WHAT DOES PUBLIC WELFARE DO IN ALBERTA

PART IN A SERIES

Public Welfare has become an
integral part of the Alberta
Government's social services.
The welfare department is
responsible for the care of
the poor, the aged, the
disabled, and the children.
The department also
administers the public
assistance program, which
provides financial aid to
those who are unable to
support themselves.
The department also
operates a number of
social service agencies,
including the Alberta
Council on Social Services,
the Alberta Council on
Mental Health, and the
Alberta Council on
Addiction.

Pontiac for '55 new from the ground up!

NEW FROM THE GROUND UP is the only way
to describe this Pontiac! For everything about
Pontiac is new... yes, literally everything. We
started with the three-carbon intake valve and
engine engineering's greatest triumphs into this,
the greatest Pontiac in a long history of great cars.
You have to see it to believe it! And that is what
we invite you to do. See it at our local dealer's!
This most wonderful car is destined to
take Canada by storm. See it at your local dealer's!

And it came to pass,

as the angels were gone away from

them into heaven, the shepherds

said one to another, Let us now go

even unto Bethlehem, and see this

thing which is come to pass, which

the Lord hath made known unto us

And they came with haste, and

found Mary, and Joseph, and the

baby lying in a manger.

And when they had seen it, they

made known abroad the saying which

was told them concerning this child.

And all they that heard it won-

dered at those things which were

said them by the shepherds.

Glad TIDINGS

The joyous people of Sedgewick wish their Christmas wishes to you and yours in a very Merry Christmas and a highly Happy New Year.

PIONEER MEAT MARKET

Sedgewick Comments

The Sedgewick District Board of Trade wishes to thank sincerely those who took part in the District Service last Sunday evening. Also those who read Scripture passages, and Mrs. Wilson who played the piano.

Mr. and Mrs. Geo. Thutten Jr. from Edmonton spent the week end in town.

Mr. and Mrs. Ed. Shuman & family left Thursday for Crescent Spur, B. C. to spend the Christmas Season with their daughter and family.

It is reported that there are still a few cases of Mumps in the district.

Vivian Harding, R. N. of California, is visiting at the home of her parents, Mr. and Mrs. Chas. Harding.

Mrs. F. W. Weiser left for Edmonton on Tuesday.

Word was received recently that Mr. Wm. Hugh Wilson had become great-grandfather on Dec. 2nd. Our congratulations.

Mr. Fred Burrows left recently to return to B. C. after a visit home.

Len Hermen of Calgary called at the McRinkens home on Thursday.

Mrs. John Arvolings has been visiting at Waterville.

Mr. Wm. Richardson left on Sunday for the East to spend Christmas with his daughter and family and a small family.

Len Hopper, Clara Paulsen & Ann Eadie, returned home on Friday from a night for Christmas holidays.

Mr. and Mrs. George Galloway and family have after spending some months in Calgary, who in George was attending Tech School.

The central High School program in the hall last week drew a capacity crowd from Sedgewick and surrounding villages. The program was well-rehearsed and varied, and was much enjoyed by the large crowd.

Visiting in town on Sunday were Mr. and Mrs. Donald Sparrow and Mr. and Mrs. Dick Sparrow and families.

The Sedgewick Dance Club held their Xmas Party on Saturday evening with Santa Claus, friends, and visitors from other clubs were 80.

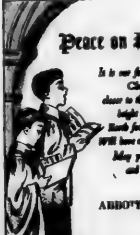

Mr. and Mrs. Harry "Pete" Mendenhall left for A. home for Christmas.

Mr. and Mrs. John Hopper returned to Edmonton the last of the week.

Miss Joan, 7, Christmas is home for Christmas holidays.

Mr. and Mrs. Jimmy Walsh and family received a big telephone phone call from Mrs. Walsh's parents in England on Sunday morning. The call was a Christmas present from Mrs. Walsh's youngest sister.

Mr. and Mrs. John Hopper returned to Edmonton the last of the week.

Peace on Earth...

It is our fondest hope that this Christmas will bring us closer to the fulfillment of that bright promise of Peace on Earth for which men of Good Will have ever striven to strive. May yours be a Contented and Peaceful Christmas.

SEED FOR 1955

Because of the widespread damage to crops from both rain and last year there will be a heavy demand for replacement varieties of wheat. Stocks will be limited and farmers would do well to order in order to secure their seed early. Our "Crop Testing Plan" is ready to assist you in selecting your requirements for 1955.

HIGHWAY CONSTRUCTION IN ALBERTA

Alberta's first four-lane highway is
now under construction. Located in
south-central Alberta, the 39
mile stretch will consist of four 15-
foot lanes, two asphalt-bound shoulders
and a 10-foot median strip dividing
the two flows of traffic. The new highway
will run from the front over-
built in Canada.

All main highways in Alberta are
being built on a four-lane basis. The
first year's work on the highway
program, purchase of right-of-way, is
well advanced. The highway is a
major improvement and will be a
great boon to the province.

Highways must be built from
bottom up, and as they grow the
sub-grade must be carefully examined.
Combined lanes must be in the first
stage, to show the stability of
this basic material.

At 11:30 a.m., the sub-grade is
checked and compared with
specifications. The highway is

KILLAM NEWS

Rev. M. H. Stapp, Mr. and Mrs. Bob Palmer, Mr. and Mrs. Donald Grant and a steady stream of guests gathered at the home of the bride, Mrs. M. H. Stapp, on the first Presbyterian Church, Killam, Saturday evening, when the wedding of Mr. and Mrs. Donald Grant took place.

The MacDonalds spent Friday morning leaving a home at Calgary. We are pleased to see Mr. Fred MacDonald home and looking well after his operation in Edmonton.

On the 10th of April, 1965, the Killam Baptist Church will hold its annual conference at the home of Mrs. Joan Palmer. The conference will be held on Thursday and Friday.

Mr. and Mrs. Ted Lee are home and looking well after a three month stay in hospital.

Mr. and Mrs. Herb Stouffer, Mrs. Audrey Stouffer and both were in Selkirk on Saturday.

An afternoon tea was held at the Presbyterian Church social room in honor of Mrs. Joan Palmer. The tea was given by the church.

The Killam Baptist Church will hold its annual conference at the home of Mrs. Joan Palmer. The conference will be held on Thursday and Friday.

New Life in Christ

A Pharisee and ruler of the Jews came to Jesus and said, "Teacher, I have heard that Thou art a Rabbi. Is that true?" Jesus said, "For as much as thou dost call me Teacher, Thou dost accept me as such."

ILLU

Paul and Silas were taken into the prison and were kept in the stocks. They were beaten with rods and their feet were fastened in stocks. They were kept in the stocks all night and the next day.

SCHOOL LESSON

The jailer, thinking that Paul and Silas were mad, brought them out and said, "What are you doing here?" They said, "We are Christians and we are trying to tell you the good news of Jesus Christ."

By Alfred J. Sweeney

Paul and Silas were taken into the prison and were kept in the stocks. They were beaten with rods and their feet were fastened in stocks. They were kept in the stocks all night and the next day.

YOUR HOME ECONOMIST WRITES

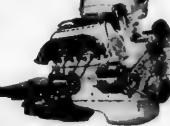

This week we have a few more questions frequently asked by housewives concerning cooking problems. Some of the questions we have actually been asked, others we have made up on the spot. It is surprising to learn that a great number of rural housewives make all of their own bread. This is not so in the urban centers where the convenience of the supermarket is a great help. In the country, however, the housewife must make her own bread. This is not only a laborious task, but it is also a costly one. The cost of the ingredients is high, and the time and effort required to make the bread is considerable. However, if you are interested in making your own bread, there are a few tips that can help you to do so more efficiently. First, choose a good recipe. There are many recipes available, but some are better than others. Look for a recipe that uses simple ingredients and that is easy to follow. Second, use good quality ingredients. This is especially true for the flour, which should be the best you can get. Third, use a good oven. A good oven is essential for making good bread. Finally, be patient. Making bread takes time, and it is important to follow the recipe carefully and not to rush the process.

FIRST SHOWING!

NEW 1955 MERCURY

bigger all over — in size, in power, in value

Now in 3 series, 10 models; the daringly low Montclair, the beautiful Monterey, the budget-minded Custom.

New 188- and 198-horsepower Super-Turbo Overhead-Valve V-8 Engines—the last word in high compression power.

THE NEW MERCURY MONTECLAIR

THE NEW MERCURY CUSTOM

INTRODUCING THE NEW MERCURY MONTECLAIR

For 1955, Mercury makes the boldest move ahead in the automotive industry—introducing an entirely new, out-of-the-ordinary car that looks and goes like 1960. This year is an all-out effort for Mercury—new bodies, new styling, new chassis, new engines, new models, new performance! For example, Mercury's biggest—its longest, widest, and shiniest—its lowest—only 1955 inches high in outer model. It's more powerful, 188 horsepower in the Custom and Monterey lines; 198 horsepower in the entire new, ultra-smart Montclair series. Here's super-compression, dual-valve performance you've never experienced before. For Mercury gives you instant acceleration in every speed range—from a standing start to highway speed limits. You enjoy

split-second response in traffic... make mile-high out of mountains—with efficient—V-8—TURBO—POWER. The new is almost endless, for in 1955 you get the most Mercury ever packed into one car. A new Full-Torque windshield, improved full-pipe four-exhaust system to convert exhaust into power. A new 188-horsepower V-8, new, improved Mer-O-Matic Drive with faster power—a combination at your command. YOUR HOME ECONOMIST WRITES

This week we have a few more questions frequently asked by housewives concerning cooking problems. Some of the questions we have actually been asked, others we have made up on the spot. It is surprising to learn that a great number of rural housewives make all of their own bread. This is not so in the urban centers where the convenience of the supermarket is a great help. In the country, however, the housewife must make her own bread. This is not only a laborious task, but it is also a costly one. The cost of the ingredients is high, and the time and effort required to make the bread is considerable. However, if you are interested in making your own bread, there are a few tips that can help you to do so more efficiently. First, choose a good recipe. There are many recipes available, but some are better than others. Look for a recipe that uses simple ingredients and that is easy to follow. Second, use good quality ingredients. This is especially true for the flour, which should be the best you can get. Third, use a good oven. A good oven is essential for making good bread. Finally, be patient. Making bread takes time, and it is important to follow the recipe carefully and not to rush the process.

What special precautions should be taken in the kitchen? The first and most important is to keep the kitchen clean. This means washing the dishes and the counter tops after each use. It also means keeping the floor clean and free of clutter. Second, use good ventilation. This means opening the windows and using the range hood to remove the smoke and the grease from the air. Third, use good lighting. This means having a good light fixture in the kitchen and making sure that it is working properly. Finally, use good organization. This means keeping the kitchen supplies in their proper places and making sure that you have everything you need when you need it.

Plain Talk From Dr. F. MacNILL SMITH Liberal Candidate

The 10th of a series of short articles presenting Liberal policy and my platform to the people of the Battle River-Calgary Federal Constituency.

This is a summary of the Liberal platform and the reasons for it. It is not intended to be a complete statement of Liberal policy, but it is intended to give you a general idea of what the Liberal platform is all about. The Liberal platform is based on the principles of fairness, justice, and equality. It is a platform that is designed to meet the needs of the people and to provide a better life for all. The Liberal platform is a platform that is based on the principles of the Canadian Charter of Rights and Freedoms. It is a platform that is designed to protect the rights of all Canadians and to ensure that everyone has the same opportunities. The Liberal platform is a platform that is based on the principles of the Canadian Bill of Rights. It is a platform that is designed to ensure that the government is accountable to the people and that it is acting in the best interests of the country. The Liberal platform is a platform that is based on the principles of the Canadian Constitution. It is a platform that is designed to ensure that the government is acting in accordance with the law and that it is respecting the rights of all Canadians.

SPRAY EARLY
Woods, even when quite young, compete with the growing crop for plant food, moisture, and light. Early treatment of weeds with chemicals in gardens, recommended if numerous weeds are to be obtained. Farmers who are in doubt as to when best to spray their crops should consult their nearest Agricultural Representative or Experimental Station.

Sedgewick Comments

Our year ended by far the best yet. Bill Irvine says. Bill Irvine, owner of the Sedgewick Hotel, says that the year has been a very successful one for his establishment. He mentions that the hotel has been fully booked throughout the year, and that the staff has been very efficient. He also mentions that the hotel has been able to maintain a high level of service, and that the guests have been very satisfied. He concludes by saying that he is very proud of the staff and the hotel, and that he is looking forward to the future.

For Livestock Owners
The Livestock Owners' Association has been very active in the past year. They have been able to secure a number of contracts for the sale of livestock, and they have been able to maintain a high level of service. They have also been able to secure a number of contracts for the sale of livestock, and they have been able to maintain a high level of service. MORE DONE IN AN HOUR WHEN IT'S DONE WITH POWER

What our men can do on the farm in work output has been increased many times by the developments in power farming equipment in recent years.

Tractors and implements now available give control over the work the year 'round and on more and more farms there is less and less need to employ hard-to-get and high-cost farm labour.

Mechanization has come more to the farm than relief from drudgery and freedom from heavy burdensome physical toil. Mechanization has brought a new concept

of farming and has given agriculture the greatest lift in years. And mechanization has contributed greatly to the more wide-spread sharing in higher standards of living.

In the advancement of their operations through mechanization farmers have found in Massey-Harris and Ferguson tractors and machines close and labour saving advantages in helping them to do their work easily, quickly and more profitably. Your local dealer will be glad to tell you about the latest developments.

WE'RE READY TO
FORM YOUR
NEXT GOVERNMENT

The Liberal Party has nominated 53 candidates - the largest group in Alberta's history - under the distinguished leadership of J. Harper Brown, M.L.A. They pledge to bring all our homes and resources into a government in which all Albertans can take pride.

MAKE SURE YOUR CONSTITUENCY IS REPRESENTED IN THE NEXT GOVERNMENT... BY SUPPORTING YOUR LIBERAL CANDIDATE.

YOUR LIBERAL GOVERNMENT
WILL...

Appoint a Judicial Royal Commission to investigate Treasury Branch loans and any other government contracts involving Social Credit Cabinet Ministers and M.L.A's.

- Lower municipal taxes by assuming a larger share of the costs of education and secondary and local roads.
- Finance the entire cost of rural electrification systems with provincial funds.
- Provide a program similar to the Veterans Land Act to establish young people on farms.
- Legislate the use of purple gum in all farm vehicles.
- Build roads that will stand up.
- Raise standards of education and teacher training.
- Provide scholarship funds to enable young Albertans to attend technical, or attend university.
- Pay \$50.00 Jubilee Grant without a means test to all pensioners, including W.V.A.

1955 SUCCESS STORY

CHART TO CHART more cars are buyers are comparing values and mileage to METEOR. Top in field for style, for V-8 drive, for performance! Illustrated above—STANLEY VICTORIA.

Meteor's the honey that's drawing the crowds!

ONLY METEOR AMONG ALL CARS OFFERS THE CHOICE OF 3 OVERHEAD-VALVE V-8's—advanced, high-compression V-8 engines of thoroughly proved design. Backed by experience proved in shipping and handling, more V-8's than all other makes combined. You get a 162 hp. V-8 in Meteor standard; a 175 hp. V-8 in Meteor and Meteor convertible; or an optional 182 hp. V-8 when ordering Meteor-O-Matic Drive*.

*Optional at extra cost

MORE AND MORE PEOPLE WANT METEOR'S EXCLUSIVE TRI-TONE STYLING; HIGH-FASHION INTERIOR BEAUTY; SMOOTHER RIDE: V-8 POWER AT NO ADDED COST!

You see them everywhere these days. All-new Meteors with styling-trimmed and two-tone beauty. Smiling the show with their long, low lines—distinctive chrome-sweep side trim—and elegantly appointed interiors—the most beautiful in Meteor's line.

Everywhere, more people are trying the drive that's miles ahead and praising the superb smoothness of Meteor's thoroughly proved V-8 engines—Meteor's lightning-quick response as all speeds—in quiet, vitiged power on the highway. And there's much more you'll admire in Meteor. Its luxurious riding comfort—in delightful handling ease—vastly improved over anything before because of new re-engineered ball-joint front suspension. You get the finest choice of power units. Smoother "no shift" Meteor-O-Matic Drive*, 4-way power seat*, power steering* and power brakes*.

Join the crowds that are finding out Meteor's a honey to drive. See your Meteor dealer for a demonstration, this week!

Try the **DRIVE** that's miles ahead...

ALBERTA'S Golden Jubilee

"1965 is Alberta's Golden Anniversary Year. It was in 1965 that this territory joined Canada as a province. Now Alberta is recognized as a region with as bright a future as any of the provinces which go to make up the Dominion of Canada."

Agriculture has made the greatest contribution to the economic advancement of Alberta, and the Alberta Wheat Pool pays its tribute herewith to the men and women engaged in that great industry.

Within the space of a single generation the unsurprising and energetic farm people of Alberta have created a record of diversified production of quality food products which is unsurpassed by any other province.

The wealth produced by Alberta farmers has permeated the economy of the province to a greater extent than all other sources of wealth combined. It sustains the villages, towns and cities and provides the basis for employment for most Alberta people.

Agriculture provides the most freight for the railways and other forms of transportation, the main source of raw materials for Alberta manufacturers, and a constant inward stream of wealth from the substantial annual exports of food to other parts of Canada and other nations.

While Alberta people celebrate the province's Golden Anniversary they should keep in mind the immense contribution made by the people on Alberta farms to the prosperity and progress of this growing province.

for this wide-open beauty

in the new kind of hardtop—The 4-Door Riviera!

There comes a time when you want a car that is a hardtop, but you don't want to see the hardtop. A hardtop is a car that looks like a convertible with the top up, but it is a solid roof and provides the same protection as the top of a sedan.

You can get this in the new Buick Wildcat. It's the 4-Door Riviera. And it's the only car that has a hardtop that can be removed in ten minutes.

FIFTEEN YEARS IN SHOWBIZ!

Canada's best known and most popular comedians, Johnny Wayne and Frank Shuster, have just started their 15th season in showbusiness with their new television series on the CBC. It all began while they were at the University of Toronto; from there they moved to *The Army Show* during the war, and on CBC networks in 1945. Soon after that the first "Wayne and Shuster Show" made its debut on radio.

WEDDING

Making their home in the Hardisty district are Mr. and Mrs. Warren Mosander, when wedding took place recently in St. Andrew's Anglican Church at Lac La Poudre.

The bride is the former Alice Koster, daughter of Mr. and Mrs. J. Koster, of Lac La Poudre, and the groom is the son of Mr. and Mrs. W. Mosander of Vancouver, formerly of Hardisty. Rev. Green officiated at the afternoon ceremony. During the church of the register the beautiful view of St. Andrew's Church, the church with the lovely spire.

Given in marriage by her father the bride wore a lovely gown with lace and a long train. She carried a bouquet of white roses and a small basket of fruit. The groom wore a tuxedo and a white shirt with a bow tie. The ceremony was held at 2:30 p.m. and lasted about 30 minutes. The reception was held at the home of the bride's parents.

WHY PLANT WEEDS?
Alberta farmers plant 12 million acres of cereal crops each year and this requires 12 million bushels of seed grain. Surveys of grain planted in the spring of 1965 indicated at least six million bushels were of inferior quality. These would have been rejected for seed according to the grades of the Canada Seed Act.

The average seed content of rejected grain prices in 1965 was 80 per cent and it will be 80 per cent in 1966. This means that 12 million bushels of seed grain will be lost each year. The cost of this loss is \$10 million per year. How much will it cost each year every year to kill the weeds that are in the seed? Consider the waste to reduce weeds and grain, chemical sprays and other weed control measures. A few cents on seed money dollars gained at harvest time.

WINTER STOCK FEEDING

The early onset of the winter feed of livestock that entered country for feeders supplies in many parts of Western Canada, according to Robert L. Phelan, Alberta's Supervisor of Stock Improvement. There is a long feeding period ahead and livestock owners should be warned of conditions that will conserve feed and maintain animals in satisfactory condition.

Two other factors to be considered are feed quality and the condition of the feed. The feed should be of good quality and the condition of the feed should be maintained. The feed should be of good quality and the condition of the feed should be maintained.

OUR HOME ECONOMIST

There was a time when grandmothers used to tell their granddaughters to wash their faces with cold water.

Nowadays, however, the granddaughters are more particular about their skin.

They want to know what to use, and how to use it, to keep their skin soft and smooth.

They want to know what to use, and how to use it, to keep their skin soft and smooth.

remember in me about

It was only a plank across an stone at the head of the main in the Angus Hotel — that's how the old Merchants Bank of Canada — now a part of the Bank of Montreal — opened in Caydon. That was about a year before the community was incorporated as a town, and only two years after the first settlers arrived. Yes, Caydon's a fine looking place now, and the future looks good.

"But I'm saying, I was talking about the Bank of Montreal in this community. It certainly isn't the way a bank would open today. But there was no banking service for the settlement — a service we needed badly. So the action was well justified.

"Well, now, that banking office opened here... it's no—think, that's right—in 1904... March, to be exact.

"I stayed in the main place for about a month, and then transferred to the sample room of the hotel which opened on Main Street. The following year, I think it was, a

frame building was erected on the east side of Main Street, and there the old Merchants Bank moved on business until about 1920, when the B of M took over. A little over ten years later, a move was made across the street to the brick building on the B of M now occupies.

"Man, do you know that makes 50 years that the office of Caydon has been dealing with the old bank... it's a long time, and we've seen a lot of progress — and shared in it, too, through working together."

You hear and throughout the length and breadth of our nation, the Bank of Montreal has grown with the community, sharing in its growing pains as well as in its achievements. And, in business and villages, towns and cities, the B of M is still growing with the men and women who are building the Canada of tomorrow.

● WHY I BUY AT HOME

In a town not far from where we live, there is a real up-and-coming retail business. It has taken up and is vigorously pursuing a buy-at-home propaganda scheme. They are seeking to do something for themselves and thereby to transcend, in waging war on competition, from outside concerns. This movement is based on a list of reasons: "Why I buy at home, which, I think, is right to the point and applicable to any town. Here is the list:

Because my interests are here.
Because the community is good enough to live in is good to buy in.
Because I live in transacting business with my friends.
Because I want to see what I buy.
Because I want to get what I buy when I pay for it.

Because my home dealer carries me when I run short.
Because every dollar I spend at home works for the welfare of the district.
Because the man I buy from stands behind the goods he sells.
Because I know what I produce right here at home.

Because the man I buy from pays his part of the local taxes.
Because the man I buy from gives me value for my money.
Because when I call, misfortune or bereavement comes, the man I buy from is here with a kindly greeting, his words of cheer and his pocket book if need be.

Here I live and here I buy.
All this is admittedly good, yet the local newspaper office that is always trying to promote home buying, gets an occasional black eye from some of the home merchants. For instance, the past while, a printing solicitor from an outside con-

cern receives orders from some of our merchants to give orders for printed material. The outside concern, black long, has a lot of volunteer against us, and is sending out of town for goods they can't get here. When these merchants say, "gosh, let them remember the golden rule applies all along the line."

● TO HIM WHO HATH ...

The present system of legislation in Selkirk, which is the purpose of turning the wealth produced by the many into the coffers of the few, is educating our growing generation to a false standard of living in Canada today, nearly everything seems to be the man who has a great deal of money at his command. Our money has come to be worshipped by all classes. It is a street sweeper in any of our communities who is seen suddenly in the possession of say ten million dollars. Inside of two years he would be one of the most highly important citizens, and his opinion on any subject whatever would carry much weight. As soon as a man acquires wealth he is supposed to be a sage. There is no important subject up for discussion but that the opinion of those who have acquired wealth is eagerly sought and followed. It is this worship of wealth that encourages men to seek their fellow workers. The man who already possesses millions is more grasping than the man who is merely earning a living, and the governments are generally working for the men who have acquired more wealth than they know what to do with.

National and international problems could be ironed out easily by seeking the advice of wealthy editors; the only hitch is they are poor men, and advice is only sought from the affluent.

EARLY ATTENTION TO WEEDS. Weeds, when once upon, compact with the growing crop for plant food, moisture, and light. Early treatment of weeds with chemicals is, therefore, recommended if maximum yields are to be obtained. Farmers who are in doubt as to when best to spray their crops should consult their nearest Agricultural Representative or Experiment Station.

Alberta Wheat Pool Patronage

The Alberta Wheat Pool intends to operate for the crop year 1966-67 on a patronage dividend basis in keeping with the co-operative principles on which the Pool was formed. The following notice is published in compliance with the provisions of "The Income Tax Act":

"As required by 'The Income Tax Act' this will advise our members that it is our intention to make a payment in proportion to patronage in respect to the year ending the 31st day of July, 1967, and we hereby hold forth the prospect of a patronage payment accordingly."

GOOD CITIZENSHIP

There are two fundamental principles of good citizenship which must be observed by every true and loyal citizen. These are loyalty and moral obligation or responsibility. The greatest resources possessed by any country are its citizens and no country can be truly great and maintain greatness without good citizens. A true patriot is above selfishness and sectionalism, and is not inspired by narrow motives, but looks out to others and the welfare of his country first. These are the principles of true greatness in the citizen, and it is on the side of citizens in public and important positions that the security of our country depends.

Then, too, so far as his moral responsibility goes, should consider his franchise as a sacred obligation and vote for what he considers right. Had this always been done we would not see the vice in politics that we do today. We must make a sacrifice for principle; a cause always demands a sacrifice, a price.

I have very little patience left with the mass of people who refuse to vote on any platform because of some notion they have that by so doing they are making things worse. Such people are making things worse by living under the laws that afford them protection, and are not willing to help see to it that the best and most honest are put into office. They are willing to live in the country where I do my best to see that we are properly governed, yet condemn me for so doing.

People from all over the world come to Canada and become Canadian citizens. Those of the best blood of all the nations are making this their home, and along with them also come the worst types of citizens. A moral responsibility rests upon all good Canadian citizens to keep this country as free of vice as possible. Canada is young; she is in the making. It can be kept as we desire if its citizens recognize their moral obligations. If the citizens of a country are good, its statutes will be good, elevating and progressive. Good citizenship upon this depends the future of Canada.

Citizens of high character are the most valuable asset any country can have. The citizens are the making of good men and women; no country ever became prominent that did not encourage education, but pupils should be taught their sacred responsibility to their country, thus laying the foundation for good citizenship as well as make men. No country can become great until moral indifference has been overcome. Mounted policemen may suppress crime but cannot instill uprightness into citizenship; this depends upon a different source that is not at present recognized by law as filling an indispensable part in the making of a nation. The law states what must or must not be done and provides a penalty, but schools and municipalities of the gospel have a work to perform in laying the foundation of all good citizenship viz: moral responsibility.

● CLEAN UP!

There are two reasons why all the householders and business firms should renovate their premises and keep their front and back yards clean. One is on the grounds of health. Dirt and filth are the natural breeding grounds for disease. They also attract and breed flies, mosquitoes and other insects which not only make life unpleasant but are a menace to our physical well-being.

The other reason is on the grounds of civic pride. It is the duty of every good citizen to get busy and clean up his property before the snow flies. There is no place within the limits of a clean and attractive village for rubbish heaps or "dump" piles as they are sometimes called. They mar the looks of a vil-

lage or town more than one would imagine until one visits a strange town and finds there piles of rubbish. They are far more noticeable to us in another town than in our own, for here, knowing where they are and accustomed to seeing them every day, we soon cease to notice them, however, and that is just what we don't want. It is true we wish strangers to remember our town, but on account of its extreme messiness, not on account of its dirt and neglect. Rubbish heaps not only mar the looks of a town, but they render it unhealthy. Abolish rubbish piles and other disease traps as near as possible and you will find that sickness will diminish and strangers will be attracted to your town.

● I DON'T NEED THE CHURCH!

"I don't need the church; I don't build it; why should you say me to support it?" This is in substance the answer given by some when asked for contributions to the church in their community. Doubtless there are some who give this answer merely to get rid of the collector; but for those who are serious in such an answer, I might not be out of order to consider briefly what is the real place of the church in the community.

Why do men with farms for sale advertise them as only a short distance from a church or school? Can we imagine an owner advertising a house as only a short block from a poor parish? The worst man in a community knows it is an advantage to have property within easy reach of a church or school. However poor and struggling the church may be, it always stands for the highest and best. The heavenly pointing spire is a continual reminder that there is a God above, and that the human heart "cannot find rest until it finds rest in God."

When the ancient Israelites were well started on that forty year journey in the wilderness, Moses, at God's command, had them build a church. To suit their needs their church was made so that it could be taken down and packed up. But a church they must have, even if it was hard to carry along with them.

Those who withhold their support from the church often point with scorn to the failings of individual members. Why not apply that principle in ordinary business? How would business places fare if all the people who have ever found a decayed apple in the box, or had unsatisfactory repair work done, should condemn the place and business and refuse to have anything more to do with them? What is the church? Surely it is not a sort of hand wagon for a few select ones to sing and play hymns and ride away to a satisfying climax. It is an organization composed of those who want to make their lives count, who aim to live straight and useful lives and help their neighbors to do the same. Or if you prefer to look on life as a game, then call it a game of "follow the leader," the leader being He whose highest joy was to spend His days and His hours and His whole life doing kind things for others. Surely this is a game big enough to attract the highest type of sportsman.

The church stands for what is the highest and best in the life of any community and helps to make it a safe place to live in, even for those who say they "do not need the church."

Perhaps there are some of the side-walks that are not used at all by anyone, yet they benefit the town, and in so many ways we all reap the benefit from having them, and we know it is only fair that we should pay for them. Every property owner whether he has children or not, has to pay school taxes for a school is a necessity. If we are to live and not merely exist, then we are to live and not merely exist. Even in the Orient, men who make no pretence of a Christian life, yet often give liberally to the mission churches because of their benefit to the community. Shall we with our boasted progress, do less than they?

PHONE NO. 18 — KILLAM, ALBERTA

SENIORS BY W. L. MEETS

The meeting was held September 10, with 2 members and 1 visitor. They were no committee reports. Correspondence was read and the minutes of the last meeting were read.

Next month the project will be to help the Red Cross. The members are asked to bring in their own clothing for sale.

Minutes and highlights of the September meeting were discussed.

Those interested in the Handicraft project are reminded that regular meetings for doing some are starting. The program, with the topic of "Handicraft" was also launched by Mr. W. L. Meets.

Mr. Meets, after proper introduction, spoke of the formation of the W. L. body from the present group in the local branch, and told of his work and objectives.

The evening concluded with a business meeting and contact.

NOTICE

The name of Mrs. Will Stewart and his wife were missed from the list of contributors to the Lutheran B. S. Hall in memory of Mrs. Redman.

NOTICE

The Provincial Agricultural Service Board will start sending down leafletted children about property. Persons having children about their land which have been properly leafletted and worked down, that they wish to have added to groups, are asked to contact the Field Supervisor or the R.M.D. Office at once.

The evening concluded with a business meeting and contact.

WHERE DO YOU LIVE?
If you would you like to go to the nearest city for a pound of sugar, a yard of print, a spoon of thread, or a cigar? How would you like to make the trip for a prescription when sickness is punishing one of your family hard? You would say, "a town where there's a town and not worth living in".
Yet your merchants can only afford to keep these things for you as long as you

buy other things from him. It is nothing your town any good to buy the little things there and then chase away to the city or send to a mail order house when you want something on which the merchant has a chance to make a dollar. Neither is it doing you any good, for the property of the community as a whole, I am not telling you something you don't know. I am simply refreshing your memory, and hoping that the time will come when people will conclude that a town that is worth living in is worth trading in. That's all.

Masquerade Dance at Killam, On Wednesday October 31st

PERSONAL STUFF

BY A. W. K.

APPROXIMATELY THE REASON!

The reason recently proposed by the
new members in connection with the
affairs of a recent fall dance was
the spreading of the word that the
dancers were not to be invited to the
dance. It was a very simple matter
to be sure, but it was a matter that
should have been handled in a different
manner. It was a matter that should
have been handled in a different manner.

Hardisty Happings

The marriage took place in Edmonton on the 26th inst. between Mr. and Mrs. L. Hardisty. The bride was Miss L. Hardisty, daughter of Mr. and Mrs. L. Hardisty, of Edmonton. The groom was Mr. L. Hardisty, of Edmonton. The ceremony was performed by Rev. J. H. Hardisty, of Edmonton. The bride and groom were accompanied by their parents and friends. The reception was held at the home of the bride's parents. The wedding party consisted of the bride, groom, bridesmaids, and best man. The ceremony was a simple and beautiful one. The bride wore a white gown and the groom wore a dark suit. The wedding was a happy occasion for all concerned.

ON READING NEWSPAPERS
I, G. Hamerton, in his little book, "Intellectual Life," tells of a man who told him that he did not believe in reading the newspapers. He made the charge against them that they dealt too much in sensational matters, and claimed that the 500 hours or so a year which he ordinarily spent on reading them could be used to better purpose in more select reading. Someone has said somewhere, in stating the value of the newspaper, that one of its most important points of contact with the community, province, country and the world at large. It is a regular and friendly visitor and its various departments have something to interest the several members of the household.

Mr. Hamerton, in the book referred to, shows the place the newspaper fills in the life of the people. For one thing, it is the public what the conversation of a home is to the inmates of that home. There is to discuss domestic affairs—exchange ideas, discuss vital matters. So the newspaper provides a medium for the exchange of ideas, and matters that concern all the people ventilated.

Besides, it tells the achievements of our day—regional progress. The career, the thoughts, and the aspirations of the families of nations are spread out upon the printed page. We read of the activities of the people who made what we now call Europe and America. These places are skin in the making. We see them reaching out their hands to one another, and we follow their great trade routes, and note their machines, to the crisis of our time.

The French peasant of Hamerton's day did not read the papers and so was out of touch with contemporary life. The paper is an auxiliary to history. In fact, what the African traveller did for the navigator, or the paper does for history, and the historians of tomorrow will search the files of the papers taken during today.

It has been pointed out that people respect history when bound in leather and overlook the character of present affairs. Among the services rendered is that of frimidence. It tells the people of one another, and has done so much so only agent to end isolation. Then what contributes more effectively to what we may call a profitable entertainment?

That leads us to another valuable service rendered by the newspaper. The advertising columns the favorite family of the newspaper not only stimulates sales for business people but saves time and money for those who buy. As a result of advertising many are able to find their shopping in the comfort of their own home. Here they can compare their needs and prepare their shopping lists. It is a well-known fact that people will buy what is found in the advertisement which is held up for comparison. —Contributed.

THE AMERICAN WAY

GOVERNMENT IS THE SERVANT, NOT THE MASTER OF THE PEOPLE.

HE WOULDN'T UNDERSTAND!

For the first time in these 40 years the National Chamber of Commerce will issue a full list of future might changes (this under the heading of "The Future of the Chamber of Commerce") which the four American Chambers of Commerce are planning to issue in the near future. The first of these changes, as well as the others, will be in the form of a booklet, and will be distributed to all members of the four Chambers of Commerce.

AN OPPORTUNITY TO SECURE QUALITY SEED

Producers will again be permitted to deliver up to a total of 400 bushels of commercial wheat, oats, barley, rye or flaxseed, over the quota, to apply against the purchase of up to 150 bushels of Registered or Certified seed. An added provision, that year that will be helpful where seed is shipped in freight collect, allows the producer to receive settlement for sufficient grain to pay the freight charges.

Our agent will be happy to discuss your seed requirements and to supply full particulars of the above scheme.

FARM VARIETY PLOT

One Crop Testing Plot will open this year, free
of charge, to farmers who are interested in
growing of crops. A small demonstration plot
will be made up of different varieties of wheat, corn, barley and
oats. This is an opportunity to study and compare the crops, not
only the standard types, but also some of the newer and more
promising varieties. Expenses are limited.
Apply to "The Crop Testing Plot", Search Gains Company,
SEARLE RICE COMPANY, LTD.

THE ONE FLAG ON WHICH ALL AGREE

A symbol of all that is best in human nature, the
flag is a helping hand when it comes to show
kindness of heart in case for the sick and
comfort the distressed.

Keep this flag flying in Canada!

Remember THE RED CROSS

If you are at home when the emergency call
comes, you may save a life.

TO THE PEOPLE OF THE
FEDERAL CONSTITUENCY

The date of the federal election has been announced, and during the forthcoming weeks the people of Canada must give thought to the election of a government.

campus. We of the Progressive-Conservative party believe that the most important issue of all is the preservation of the Constitution.

On the other hand, the government which is in danger now, Grain marketing, inflation, freight rates, rising costs of production, falling farm prices—none of these prob-

... officers: ... can be solved while the govern-
ment party has an overwhelming ma-
jority and the opposition is divided
into several weak parties.

We are proud to be able to point out that, of the parties which have been in Her Majesty's Loyal Opposition, only our party has continued to elect members from all regions of Canada and from both language groups in Canada.

with GAS

Findlay

30" GAS RANGE

INTERNAL AUTOMATIC CONTROLS keep heat from rising too fast and cooking will start at exact temperature as long as desired time is set. No need for stirring.

Automatic oven has LAZAR CONTROL which keeps oven at exact temperature and baking. No need for stirring and turning while you are absent.

AUTOMATIC HEATING FOR HOT BURNERS AND OVEN. It is better light than immediately when gas is turned on.

WHY THE WOMEN OF ALBERTA ARE VOTING LIBERAL IN THIS FEDERAL ELECTION

FAMILY SECURITY

As women, we know that the Liberal government, through family allowances, old age pensions, veterans' payments, blind and disabled persons pensions, National Housing Act, has done more to safeguard our homes and families than any other party.

HOSPITAL INSURANCE

As women, we are voting Liberal in support of the national health insurance program.

WORLD LEADERSHIP

As women, we are supporting the Liberal party which has produced men of outstanding character and ability, and whose efforts have contributed greatly to peace in our world.

RECOGNITION OF WOMEN

As women, we approve of progress by the Liberal government in recognizing legislation to provide equal pay for equal work by women in federal agencies.

SPLITTER PARTIES

As women, we are practical. We realize our nation cannot be united while there are quarrelling local splinter parties. We are voting Liberal, the only truly national party from coast to coast. The only party that can give us effective government.

Send your Liberal candidate to Ottawa to continue this good work.

Merna Church Holds

50th Anniversary

Merna Church Holds 50th Anniversary

The Merna Church held its 50th anniversary celebration on Sunday, June 25th.

The church was founded in 1867, and has since that time been a place of worship and community service.

The anniversary was celebrated with a series of events, including a church service, a social gathering, and a picnic.

The church has a long and rich history, and is proud to have reached this milestone.

The anniversary was a time of reflection and celebration, and the church looks forward to many more years of service.

Completely Automatic Cooking

Findlay
30 GAS RANGE

THIRTY EYE AUTOMATICALLY CONTROLS heat from burner — no more burners or burners gone. But Thirteenth Eye and cooking will stay at required temperature as long as desired. First eye will be hot in a twinkling.

Automatic oven has GLASS COOKING, allows all the glasswork of oven running and baking. See your temperature, set your time and leave it. The cooked done your baking and roasting while you are absent.

AMC OVEN. Cooks faster than any other oven. See how it is done. See how it is done. See how it is done.

See how modern Findlay Range looks in the modern kitchen.

Findlay
30 GAS RANGE

Thermal eye automatically controls heat from burner — no more hand-cooking or burnt pots. Set Thermal eye and cooking will adjust temperature as long as desired. Even with eye in working condition.

AUTOMATIC OVER TIME CLOCK CONTROL takes all the guesswork out of roasting and baking. Set your temperature, set your time and leave it. The control does your baking and roasting while you are absent.

AUTOMATIC HEAVEN FOR TOP BURNERS and oven. Back burner lights light automatically when gas is turned on.

See this modern Findlay range at the automatic feature.

Future...4H Club Member

The two-year-old in his play-pen is fascinated by life around him. He keeps pulling the tail feathers out of every chicken on his father's farm. He has no idea at all how a farmer's work should be done, but he'll find out, later, when his brothers initiate him into the local 4-H club.

He'll learn by doing, pledged to one his head, heart, hands and health in the best possible way.

4-H Clubs were started with one simple idea in mind: to have rural young people do a worthwhile piece of work at home, voluntarily, and do it better than ever before. Plant a garden plot, perhaps, or raise a calf, make a dress, beautify a room.

 Devoted FOR SAVING NOT FOR PROFIT

When Mrs. Margaret McNeil, 40, of 1000 10th St., Sedgewick, was diagnosed as having cancer of the breast, she was told that she had only a few months to live. But Mrs. McNeil, who is a member of the Sedgewick Co-op, decided to try the co-op's "cancer cure" and after a few months of treatment, she was told that the cancer had disappeared. Mrs. McNeil is now well and has been able to return to her normal life.

I DON'T THINK IT'S ABOUT

Some of the greatest things in life are the things that we do for others. It is the things that we do for others that make life worth living. It is the things that we do for others that make life a journey of discovery. It is the things that we do for others that make life a journey of growth. It is the things that we do for others that make life a journey of love.

Presenting MERCURY/1958

...and introducing the longest, most luxurious automobile ever built by Mercury
...the exciting, all-new *PARA Lane*... truly magnificence unlimited

Want your luxury big—but lively? Then Mercury for 1958 is your
kind of car! From the all-new Park Lane—181" feet of quiet com-
fort—to Mercurys that are within a few dollars of the low-price
field—Mercury brings you sports car spirit with Laminated Side.
Exclusively new Cool-Power Marauder V-8 engine cut power-
wanting heat—use for more efficient, quieter and longer lasting.
Now, low rear-axle ratios let the engine last while you cruise to

give the economy of overdrive, more power from less fuel.
Mercury for '58 is longer, wider, lower. You enjoy a 241,
steady, always quiet kind of ride that, you have always associated
with expensive limousines.
Choose from 17 models in three series—Monteire, Montclair
and Park Lane. Never before has a car done so much for your
spirit, for your comfort, for you—Mercury for 1958.

**people compete
in the oil business**

Did you know there
are more than 150,000
people engaged in
the search for oil in
Canada? We know it
because we run tests
on the oil in the
oil fields. We try to
locate promising oil fields.

Christmas this year in Loughheed is a special one. It is a special one because it is the first time in the history of the town that the Christmas spirit is being spread in a big way. The town is so small that everyone knows everyone else's business. The town is so small that everyone knows everyone else's business. The town is so small that everyone knows everyone else's business.

IT'S TRUE WHAT THEY SAY ABOUT THE '58 CHEVROLET!

Canada's really going overboard for this '58 Chevy in a little over a month, millions have acclaimed it from coast to coast. Crowds are coming in to see and drive the new Chevrolet, and they're buying in record-breaking numbers! Here—from actual on-the-spot comments in the showroom—is a sample of what they're saying.

"I sure is smart-looking car"

"That beautiful looking. They look and feel so rich."

"Body-by-Fisher coachwork certainly makes a big difference in quality."

"Air Ride's really got it"

"Mine looks longer. That's more for my money."

"And look of that trunk sport!"

"Only Chevys let me choose any power team in every model."

"Chevy's the only low priced car with everything I'm looking for."

"Chevy has so much more pep than the others."

"Rides just like a high priced car."

"Chevy Air Ride really is out of this world."

"I never thought you could find such luxury at Chevy's price."

"Chevy's way bigger and lets better this year."

"How do they do it — looks and is lower"

"I'm sure it's a lot of extra road clearance."

"I've seen them all, and now I'm buying Chevrolet."

"I was amazed of the low price."

MAVE YOU SEEN AND DRIVEN THE NEW CHEVROLET WHEN YOU DO, YOU'LL AGREE...

IT'S THE MOST AUTOMOBILE FOR THE MONEY YOU'VE EVER SEEN!

Thro' the Window at Lougheed

Congratulations to Mrs. and Miss Lougheed (Pat) and Mr. and Mrs. Lougheed (Pat) who have just celebrated their 25th wedding anniversary. The celebration was held at the Lougheed home in Lethbridge.

One of the guests at the celebration was Mrs. Lougheed, who has been in the hospital for some time. She is now home and is recovering well.

The celebration was held at the Lougheed home in Lethbridge. It was a very successful and enjoyable occasion.
